PicturePerfect A Glen-Gery virtual design tool.

Glen-Gery's virtual design tool, **Picture Perfect**, allows homeowners, builders, designers and architects to bring their ideas to life before their very real eyes with the click of a mouse.

- Apply products such as brick or stone to any surface
- Change roof or trim color and compare as you go
- Early view, roll and print your residential or commercial design

- 3 design options available:
- 1 Design one of the pre-loaded images (exterior, interior and architectural)
 - 2 Upload and prepare your own image to design
 - 3 Glen-Gery will professionally map your project for a small fee
