Shade Tree Commission

Tree City USA Annual Tree Planting Program

The Borough of Mendham Shade Tree Advisory Committee Annual Tree Planting program is now offering free street trees to Mendham Borough residence. It's easy, just complete the Annual Tree Planting Program Authorization Form below and email to dpw@mendhamnj.org. A representative of the Mendham Shade Tree Advisory Committee will come out to determine if there is a suitable location and select the right shade tree for planting at your address. The Program has 30 shade trees available per year and trees are on a first come first serve basis. Please contact Public Works at 973-543-6535 between 8am-3pm, Monday-Friday if you have any questions or need more information.

The Borough of Mendham Shade Tree Advisory Committee is committed to planting trees in our town. Trees enhance the overall appearance of our community, provide neighborhood curb appeal and habitat for wildlife. They also improve air quality and provide shade. The trees planted by the Committee are New Jersey Native Species approved by the NJ Department of Agriculture and are disease, and pest free.

THANK YOU!

Borough of Mendham Shade Tree Advisory Committee

Borough of Mendham Shade Tree Advisory Committee Annual Tree Planting Program Authorization Form

I hereby approve the Borough of Mendham Tree Commission to plant a _____ tree on my property approximately 12-15" from the curb, located at:

_____ Address

The tree(s) will be maintained by the Borough of Mendham for two years, beginning the day of installation, thereafter they become the responsibility of the homeowner. By signing below, I acknowledge this responsibility.
